TEGAN AND SARA

Canadian pop-rock icons **Tegan and Sara** return to Alberta to perform songs from their recently released sixth studio album, **Sainthood**. With songs of devotion, delusion, and good behaviour in the pursuit of love and relationships, Tegan and Sara say, "Sainthood is about obsessions with romantic ideals." Originally scheduled for just a one-night engagement that sold out quickly, Tegan and Sara have added a second night to the Edmonton stop on their international touring itinerary. Don't miss Tegan and Sara at the Northern Alberta Jubilee Auditorium on January 11 and 12, 2010!

PIRATES OF PENZANCE

Gilbert and Sullivan

PIRATES OF PENZANCE

February 6, 9, 11, 2010 7:30 p.m.

By popular demand, Gilbert and Sullivan's timeless classic returns to the stage for a delightful meander through the world of England's most notorious, yet generous, pirates. As to be expected from Gilbert and Sullivan, this sunny delight in the midst of winter owes its hilarity to a series of misunderstandings, impossibly ludicrous rules, and the indomitable (if misguided) spirit of young love.

INGRAVIDA LISA **TORNACK**

On your next visit to the Northern Alberta Jubilee Auditorium, drop by the Kasaa Gallery to enjoy work by emerging Alberta artists. Currently on view, Calgary artist **Lisa Tornack** presents a gorgeous mix of media inspired by the natural world, filling the Kasaa Gallery with images infused with text. As she describes it, "From a detailed exploration of branches, to the seeds of vegetation, my artwork explores the rhythms of the natural world. I have not only observed the aesthetics of nature, but have unearthed universal truths."

The Tony Award-winning musical that has captured the hearts of people all over the world with its universal appeal, **Fiddler on the Roof** comes to Alberta this month!

An international success since it first appeared in 1964, **Fiddler on the Roof** is as relevant today as ever, with its timeless exploration of issues like the generation gap, youthful dissent, and the oppression of minorities. Now, in a world fraught with anxiety and fear, the one constant that humanity can rely on is the strength of family and its traditions. Forty-five years later, new audiences can identify and take heart as they experience the great musical theatre that is **Fiddler on the Roof**.

The highjinks, high silliness, and high notes on the high seas will be steered by Conductor/Director team **Peter Dala** and **Robert Herriot**, who brought the laughs to Edmonton Opera audiences in recent productions of **Daughter of the Regiment** and **HMS Pinafore**. Don't miss the adventure in this topsy-turvy world of fools!

Pirates of Penzance will be sung in English with English Supertitles projected above the stage.
